

# Visionary Guidance

*Offering Intuitive and Trance sessions extensively since 1986, Cé Änn (say on) hails from a heritage of psychics, travels through the States and Internationally offers Visionary Guidance. Affectionately called: 'the Channel's channel,' Cé Änn inspires loving allowance, self motivation, intuitive growth and the awakening of unlimited human potential. He makes his home amongst the red rocks of Sedona, AZ.*

Cognizance beyond the distractions of the human experience, Visionary Guidance is an all encompassing consultation technique; a seeming blend of philosophies, psychologies, and spiritual practices of human reality merged with non-physical awareness using an altered state or trance. Channeling has been utilized by many to gain greater clarity with regard to their transformational process and as a source of guidance and confirmation for a truthful, expansive, validating view of their reality.

No matter how you refer to the expressed information, the bottom line is truth. Whether in a public group, a semi-private, or one to one, this is your opportunity for expansion.
